

DISTANCE EDUCATION ACCREDITING COMMISSION

STUDENT ACHIEVEMENT DISCLOSURE FOR THE PUBLIC

DEAC accredited institutions offer a broad array of instructional programs and student support services to meet varied educational and professional goals of a highly diverse student population. Institutions determine appropriate performance criteria to measure the success of their students in achieving their goals in the context of the institution's specific mission and scope. You will find below (1) a summary of how this institution measures student achievement in the context of the institution's mission and educational programs, and (2) student achievement metrics which the institution believes best reflect student and program performance. For more information about DEAC standards and requirements, please visit www.deac.org.

Summary of Institution Mission and Student Achievement

Nexford University's mission is to enable greater social and economic mobility across the world by providing learners access to high-quality, affordable, dynamic online education that prepares them for the global workplace.

Nexford University's Institutional Goals are to provide learners with:

- The information and skills they need to develop and achieve their career goals
- An 100% online, global education that prepares them for the workplace regardless of their physical location
- An educational model based on mastery of relevant workplace competencies – from general education to professional and technical subjects
- Communication, critical thinking, and problem-solving skills to build a foundation of lifelong learning
- A global community that bolsters their success through the innovative use of collaborative technology
- An education experience that maximizes their opportunities for success, offering flexibility, learner support, and affordability
- Ongoing lifelong education and credentials that are regularly updated based on evolving global workplace needs

Nexford University is providing total number of graduates, graduation rates and learner satisfaction rates as it believes this provides a good representation of learner achievement and reflection of the university mission.

Aggregated Institutional Data on Student Achievement

Graduation Rates:

Nexford University calculates graduation rates based upon 150% of normal completion time as identified by the University and are based on learners who enrolled in an academic cohort and tracked over time. The chart below shows a breakdown in graduation rates by program for 2022.

Program	Maximum Months to Complete	Enrolled Learners	Graduates	Graduation Rate
Associate of Science in Business Administration	36	2	1	50.0%
